DO NOT WRITE ON THIS SHEET 😊

SCUBA Safety Bubble Map

**Directions:** You will be creating your own bubble map using the medical aspect to SCUBA from your Lesson 1.3 notes. You may also use the Internet for additional information.

1. Draw your center bubble and label it: **SCUBA Safety**
2. Attach 4 side bubbles and label them:
   - Temperature
   - Endurance
   - Breathing
   - Pressure
3. The information that needs to be included attached to **EACH** of the 4 side bubbles:
   a. What problems can occur while SCUBA diving?
   b. How can these problems be avoided?
